This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. INTRODUCTORY

The official letter of the President of the Grand Lodge, No. 7, dated June 1, 1907, instructed the Charges to establish card indexes, bring the information about their graduates up to date and prepare for a new Catalogue.

The Editor of the Sixth Catalogue was appointed by Edward John Cook, Ξ '95, P. G. L., on March 31, 1908. On April 19, 1910, the Grand Lodge instructed the Editor to proceed with the preparation of the Catalogue based upon the information furnished by the staff of Assistant Editors. On May 27, 1911, the Grand Lodge instructed the Editor to publish the catalogue. Proof was submitted to the Assistant Editors during August, 1911, for their revision to date, and corrections were received and entered until September 19th, so that all the information contained in this catalogue is not only absolutely correct in accordance with the records of each Charge, as reported by the Assistant Editors, but is up to date as well.

In presenting the Sixth Catalogue of Θ Δ X, the Editor wishes to express his deep appreciation of the assistance of Frederic Carter, E$^{\Delta}$ '90, Custodian of Archives and Editor of the Fifth Catalogue, whose help and fund of fraternity information was of the greatest value; to Robert Stephen Emerson, Z '98 and James Currie Hallock, Δ '91, for their assistance with the clerical details; and to each of the Assistant Editors who furnished the information about the fraters in their various Charges.

Fraternally submitted in the eternal bonds of Θ Δ X,

Edward Stetson Griffing I '89.

UNION COLLEGE, SCHENECTADY, N. Y.

FRATERNITY FOUNDATION JUNE 5, 1848

AT 15 FRONT STREET, NOW 117 FRONT STREET

SCHENECTADY, N. Y.

LAST RECORDED MEETING, JANUARY 14, 1867

In May, 1847, the six Founders met in the college building then known as West College, and formed a pact. It is uncertain whether the Founders ever contemporaneously claimed that their first association was the foundation of the Fraternity. On June 5, 1848, the six Founders, with two other fraters, signed the following statement of fact engrossed as their first record page on the Alpha minute book, now in Archives:

"Though the subject, for the settlement of which, the first meeting of our Fraternity was held, had been under consideration some weeks previous, it is believed by the Founders of our Fraternity that the first active steps may properly date from the fifth of June, the year of our Lord eighteen hundred and forty-eight, and that day is accordingly recommended to the Fraternity as the anniversary of its foundation."

The following shows the definite foundation of Θ Δ X:

"On the night of the fifth of June, 1848, the following named gentlemen, members of Union College, met according to agreement at the house No. 15 Front Street, occupied by the family of the late Governor Yates: Wm. G. Akin, Abel Beach, Theodore B. Brown, Robert L. Dodge, Theodore J. Fonda, Jesse D. Fonda, Andrew H. Green, Wm. H. Hyslop, Francis E. Martindale, Samuel F. Wile, Newton B. Sherman and Abram Walrath. It was unanimously resolved that a secret association be formed."—(Alpha minutes, page 3).

A constitution was adopted at this meeting.

Λ GRADUATE

NEW YORK CITY

ESTABLISHED IN THE SUMMER OF 1856

CHARTER SURRENDERED IN THE SUMMER OF 1857

ORGANIZATION DISCONTINUED IN 1864

MEMORIAL HISTORY 116

This was a Graduate Charge, formed by several graduates and the ten initiates who were afterwards affiliated to the Δ.

The Tenth Convention in April, 1857, transferred the entire authority of the Fraternity from the A to the Λ Graduate. Λ Graduate surrendered her Charter in the summer of 1857, whereupon A resumed executive authority and retained it until January 24, 1868, when the Grand Lodge was organized.

The organization of Λ Graduate, though unofficial, continued in social meetings to which were called the following '60 to '67 members. By 1864 the Λ Graduate became crystallized in memory.

Λ Graduate is here given the importance due the Charge that governed Θ Δ X for several months during 1857, and pioneered the path towards centralized government.

BOSTON GRADUATE CHARGE

A Charter, now in the Archives, was granted to the Boston Graduate Charge on January 1, 1885. A meeting was held January 15, 1885. The organization of that meeting constitutes the only important right of the Boston Graduate Charge to historic entity. We do not consider it, in effect, an addition to the roll. See Shield II, 104, 230.

INITIATION BY A AT THE ASTOR HOUSE, NEW YORK CITY

DISCONTINUED ABOUT 1872

MEMORIAL HISTORY 136

The initiates were guests of Charles A. Stetson, Δ '58, who fitted up a lodge room in correct form. The twenty-sixth Convention changed the name to P on February 20, 1873, at the same time changing P at the University of South Carolina to P Proteron, and A Δ at Cornell University to B. This is the only record indicating that there might have been a Charge at the University of South Carolina.
